CUSTOMER TRADING AGREEMENT

THIS AGREEMENT IS A LEGAL CONTRACT. PLEASE READ IT CAREFULLY.

WHOLESALE CLIENT — IMPORTANT NOTICE TO ALL CUSTOMERS

In order to open an account with Advanced Markets Ltd, prospective Customers must qualify as a "wholesale customer" as defined by Section 761G(7) and 761GA of the Corporations Act 2001 (Cth), which is Australian legislation. Customers will be required to represent that they are acting for their own account and shall at all times qualify notwithstanding any subsequent determination to the contrary as a "wholesale customer", the prospective Customer is required to supply the appropriate proofs as laid out in the wholesale checklist later in this application.

This Customer Trading Agreement (the "Agreement") is between Advanced Markets Ltd ("AMLTD"), a corporation organised under the laws of the Cayman Islands, its successors and assigns, and the party (or parties) executing this document. In consideration of AMLTD agreeing to open and maintain one or more accounts of the undersigned (referred to hereinafter as "Customer") and providing services to Customer in connection with over-the-counter spot and forward foreign currency contracts and any similar instruments (collectively referred to as "OTC FX"), which may be purchased or sold by or through AMLTD for the Customer's accounts, the Customer agrees as follows:

1. ACCOUNT AUTHORISATION.

AMLTD is authorised to open one or more accounts in Customer's name at AMLTD to carry Customer's contracts in OTC FX (collectively, the "Account"). AMLTD is further authorised to purchase and sell OTC FX for Customer's account with a counterparty bank or sophisticated institutions or participants in accordance with Customer's oral (proper identification required), written (signature required) or electronic (password required) instructions. Unless instructed by Customer to the contrary in writing, AMLTD is authorised to execute all orders with such banking institutions, counterparties, banks, or sophisticated institutional participants as AMLTD deems appropriate. AMLTD may, at its sole discretion, engage in OTC FX transactions with Customer where AMLTD will act as the counterparty to the Customer in such transactions.

2. ANTI-MONEY LAUNDERING LEGISLATION.

Customer acknowledges that AMLTD may require further information from Customer from time to time to comply with the AML/CTF Laws. By entering into this Agreement, opening an account and transacting with AMLTD, Customer undertakes to provide AMLTD with all additional information and assistance that we may reasonably require to comply with the AML/CTF Laws. Customer also warrants that:

- i. Customer is not aware and have no reason to suspect that:
 1. the moneys held to fund Customer's Transaction have been or will be derived from or related to any money laundering, terrorism financing or other illegal activities, whether prohibited under Cayman Island law, international law or convention or by agreement; and
 2. the proceeds of Customer's investment will be used to finance any illegal activities; and
- ii. neither Customer nor your directors, in the case of a company, are a politically exposed person or organisation as the term is used in the AML/CTF Laws.

3. RISK DISCLOSURE.

AMLTD requires that the Customer (in this section Customer is referred to as "you" or "your") be aware of the risks involved in trading OTC FX. When deciding whether to trade in OTC FX you should take into account the following risks inherent in OTC FX trading. This disclosure statement is not all-inclusive but rather highlights some of the risk factors relating to OTC FX trading.

BY EXECUTING THIS AGREEMENT YOU ACKNOWLEDGE THAT TRADING OTC FX CONTRACTS IS A SPECULATIVE AND RISKY ACTIVITY AND THAT YOU UNDERSTAND THE RISKS CONTAINED IN THIS SECTION AND ALL OTHER RISKS INHERENT IN OTC FX TRADING. YOU FURTHER ACKNOWLEDGE AND AGREE THAT DESPITE SUCH RISKS, YOU ARE WILLING AND ABLE TO ASSUME THE FINANCIAL RISKS AND OTHER HAZARDS OF TRADING IN OTC FX CONTRACTS.

A. OTC FX Trading on Margin Is Very Risky.

OTC FX trading is highly speculative and is suitable only for those who (i) understand and are willing to assume the economic, legal and other risks involved, and (ii) are financially able to assume losses significantly in excess of margin or deposits. Foreign currency prices are highly volatile. Price movements of foreign currencies are influenced by, among other things, interest rates, changes in balance of payments and trade, domestic and international rates of inflation, international trade restrictions and currency devaluations and revaluations. For example, there can be serious market disruptions if economic or political events locally or overseas affect the market. It is not possible to foresee all risks in advance. You represent, warrant and agree that you understand these risks; that you are willing and able, financially and otherwise, to assume the risks of OTC FX trading and that loss of your entire Account balance will not change your life style. You recognise that guarantees of profit or freedom from loss are impossible of performance in OTC FX trading. You acknowledge that you have received no such guarantees from AMLTD or from any of its representatives or any introducing agent or other entity with whom you are conducting your AMLTD account and have not entered into this Agreement in consideration of or in reliance upon any such guarantees or similar representations.

B. Low Margin and High Leverage Can Result in Rapid and Total Losses in a Volatile Market.

The high leverage and low margin associated with OTC FX trading can result in significant losses due to price changes in OTC FX. A relatively small market movement will have a proportionately larger impact on the funds that you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of initial Margin funds and any additional funds deposited with AMLTD to maintain your positions. If the market moves against your position or margin levels are increased, you may be called upon to pay substantial additional funds on short notice to maintain your positions. If you fail to comply with a request for additional funds within the time prescribed, your positions may be liquidated at a loss and you will be liable for any resulting deficit.

C. Trading OTC FX with AMLTD.

When you trade OTC FX contracts with AMLTD, AMLTD will act as principal in a privately negotiated contract with you. AMLTD may, in turn, enter into "back-to-back" transactions with others which may include its affiliates. A mark-up is included by AMLTD in the price it quotes to you. The OTC FX contract Transactions are not executed on an exchange and are not cleared by a central clearing organisation. Therefore, any contract with AMLTD will be an obligation of AMLTD and not an obligation of a clearing house. For this reason you will not be afforded the regulatory and financial protections afforded to contracts traded on an exchange. Both you and AMLTD are obligated to perform their respective responsibilities and obligation under each Transaction in accordance with its terms. The terms of each contract are set out in: (i) this Agreement which applies to every Transaction you enter into with AMLTD, and (ii) confirmation which will apply to that particular Transaction. Your obligations under the Transaction are not transferable to another person because each foreign currency contract is a transaction between you and AMLTD. These obligations may only be transferred to another person with AMLTD's express consent. In addition, AMLTD is under no obligation to terminate or close out the Transaction prior to the expiration date for that Transaction. AMLTD may, but is not obligated to quote you a price for an early close out of a Contract on request.

D. Contracting as Principal.

AMLTD acts solely in the capacity of an arm's length contractual counterparty to you in connection with the OTC FX contract Transaction and not in the capacity of your financial advisor or fiduciary. You should not regard any Transaction proposal, suggested hedging strategies or other written materials or oral communications from AMLTD as investment recommendations or advice or as expressing AMLTD's view as to whether a particular Transaction is suitable for you or meets your financial objectives. In addition, any market or quote that AMLTD makes for you may be based solely on markets or quotes that are made or quoted to AMLTD by the counterparties with which it does business. Such quotes or markets may not represent the best quotes or markets available to you or AMLTD from other sources and AMLTD undertakes no obligation to obtain competitive quotes or markets from other counterparties. AMLTD and its affiliates may from time to time have substantial positions in, and may make a market in or otherwise buy or sell instruments similar or economically related to, OTC FX Transactions entered into with you. AMLTD and its affiliates may also carry out proprietary trading activities, including hedging transactions related to the initiation or termination of an OTC FX Transaction with you that may adversely affect the market price or other factors underlying the OTC FX Transaction entered into with you and consequently, the value of such Transaction. AMLTD, its personnel and affiliates and various other parties may execute orders at the same or better prices at the same time or subsequent to a Customer Transaction.

E. Off-Exchange Transaction and Limited Liquidity.

Due to the circumstances addressed in parts 3C and 3D your OTC FX Transactions with AMLTD will not occur on a regulated exchange and it may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these Transactions may involve increased risks. Off exchange Transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such Transactions, you should familiarise yourself with applicable rules and attendant risks. Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may also expose you to additional risk. Such markets may be subject to regulation, which may offer different or diminished investor protection. Before you trade, you should inquire about any rules relevant to particular Transactions. The local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your Transactions have been effected.

F. Your Obligations and Risks in OTC FX Transactions.

From time to time you will be responsible to meet the obligations, in accordance with the terms of the Contract, arising under a foreign currency spot or forward transaction. These transactions may be used to establish long or short positions in the market. A spot contract is a cash market transaction to buy or sell a specific quantity of currency immediately, physical settlement will be required in no more than two (2) days. A forward contract is a contract to buy or sell a specific quantity of currency on a specific date in the future at a specific price. The price terms and characteristics of spot or forward transactions, unlike exchange future contracts, are privately negotiated, accordingly, there is no centralised price source and the transactions are not cleared through a clearinghouse. In general, the OTC FX market is (i) unregulated, (ii) there are no limitations on daily price movements (unless imposed by a government or central bank authority), (iii) no rules to regulate valuation or settlement procedures, and (iv) no minimum financial requirements for market participants. On the defined settlement dates for spot and forward contracts you may be obligated to pay AMLTD or receive payment through either the physical delivery of currency or cash settlement. The means of settlement are governed by the terms of the specified contract. The size of the cash settlement payment or deficit is dependent on the type of position you have and the direction of the market movement in the time since the position was established. You will be exposed to the movement in the price of the market unless you have an underlying currency position that the forward contract is hedging.

G. Electronic Trading.

OTC FX Transactions are generally completed through AMLTD's web based electronic trading system. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. AMLTD's automated order entry system is designed to provide immediate transmission of Customer's order once Customer enters the notional amount and clicks "Buy/Sell." There is no "second look" before transmission, and market Orders cannot be cancelled. The result of any system failure may be that your Order is either not executed according to your instructions or is not executed at all.

H. Commission and Other Charges.

Before you begin to trade, you should ensure you understand all commission, fees and other charges for which you will be liable. These charges will affect your net profit (if any) or increase your loss.

4. RISK OF LOSS; LIMITATION OF LIABILITY.

All Transactions effected for Customer's Account and all fluctuations in the market prices of the OTC FX contracts carried in Customer's Account are solely at Customer's risk, and Customer shall be solely liable therefore under all circumstances. Customer represents and warrants that Customer is willing and financially able to sustain such losses, and that the trading of foreign currency contracts is suitable for Customer. AMLTD is not responsible for the performance or non-performance by any third party (including other dealers or banks) to AMLTD of its obligations in respect of any OTC FX Contract or other property of Customer; or for delays in the transmission, delivery or execution of Customer's Orders due to malfunctions of communications facilities or systems or other causes beyond AMLTD's reasonable control or anticipation. AMLTD shall not be responsible for the actions or non-actions of agents selected by AMLTD in good faith or appointed at the request of Customer, whether such action and/or non-action amounts to negligence or inability on the part of the relevant agent.

Customer consents to AMLTD's use of Automated Systems or service bureaus in conjunction with Customer's Account, including, but not limited to, automated order entry, order routing and/or order execution systems; record keeping, reporting and Account reconciliation systems; and risk management systems (collectively, "Automated Systems"). In addition, Customer will be allowed access to certain Automated Systems in order to place orders for Transactions in OTC FX and to access other account services and products provided by AMLTD. Customer understands that the use of Automated Systems entails risks, including, but not limited to, interruption of service, system or communications failure, delays in service, and errors in the design or functioning of such Automated Systems (collectively, a "System Failure") that could cause substantial damage, expense or liability to the Customer. AMLTD MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, DESIGN, FUNCTIONALITY, OPERATION, TITLE OR NON-INFRINGEMENT OF ANY AUTOMATED SYSTEM, AND MAKES NO EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, TITLE AND/OR NON-INFRINGEMENT, AND SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTY WITH RESPECT THERETO. WITHOUT LIMITING THE FOREGOING, AMLTD EXPRESSLY DISCLAIMS ANY REPRESENTATION THAT ANY AUTOMATED SYSTEM WILL OPERATE UNINTERRUPTED OR BE ERROR-FREE.

In addition to the limitation of liability set forth in Section 4.A above, AMLTD will have no liability whatsoever for any claim of loss, cost, expense, damage or liability of Customer or any third person arising out of or relating to any System Failure, regardless of whether such claim is based on contract, tort, strict liability or any other theory. AMLTD will not have any liability for the actual or alleged insufficient exercise of care in selecting any sub-agents or in selecting, monitoring or operating any Automated System, for any failure or delay in informing Customer of any System Failure or in taking action to prevent or correct any such System Failure. In no event will AMLTD have any liability for any incidental, special or consequential damages, including, but not limited to, loss of profits or loss of use, even if AMLTD was aware of the likelihood of such damages. AMLTD has no responsibility to inform Customer of (i) any decision to use, not use or cease using any Automated System, (ii) the characteristics, functions, design or purpose of any Automated System, or (iii) any specific risks inherent in any Automated System.

5. MARKET VOLATILITY

There is considerable exposure to risk in any OTC FX Transaction. Any transaction involving OTC FX is exposed to risks including, but not limited to, the potential for changing political and/or economic conditions that may substantially affect the price or liquidity of a currency. Therefore, OTC FX trading means that any market movement will have an equally proportional effect on your deposited funds. This may work against you as well as for you. Consider the possibility of software and hardware failure. There are also risks associated with utilising an internet-based deal execution software application including, but not limited, to the failure of hardware and software. AMLTD attempts to minimise the impact of system failure by making phone trading always available. Since AMLTD does not control signal power, its reception or routing via internet, configuration of Customer's equipment or reliability of its connection, AMLTD shall not be responsible for communication failures, distortions, or delays when trading on-line (via internet).

6. PRICING INFORMATION; QUOTING ERRORS

A. Customer acknowledges:

- i. any information communicated to Customer by AMLTD or by any person does not constitute an offer to sell or the solicitation of an offer to buy any OTC FX Contract;
- ii. such information, although based upon information obtained from sources believed by AMLTD to be reliable, may be incomplete and may be unverified; and
- iii. AMLTD makes no representation, warranty or guarantee as to, and shall not be responsible for, the accuracy or completeness of any information furnished to Customer.

Customer acknowledges that AMLTD and/or its officers, directors, affiliates, associates, members or representatives may have a position in or may intend to buy or sell OTC FX, which are the subject of market information furnished to Customer. Customer acknowledges that AMLTD makes no representations concerning the tax implications or treatment of Contracts.

- B. Should a quoting error occur due to a mistype of a quote or misquote given by telephone (including responses to Customer requests), AMLTD is not liable for any resulting errors in account balances and reserves the right to make necessary corrections or adjustments on the Account involved. Any dispute arising from such quoting errors will be resolved on the basis of the fair market value, as determined by AMLTD in its sole discretion, of the relevant currency at the time such an error occurred. Customer must review and report immediately errors on confirmations and statements. Failure to notify AMLTD immediately of any error or omission will bind Customer to the terms of such confirmation or statement, as the case may be.

7. PRICE AVAILABILITY

AMLTD will make available, by posting on the internet or providing an authorised AMLTD representative for Customer to telephone, bid prices and ask prices at which they are prepared to enter OTC FX Contracts or cross currency contracts with Customer. Each price shall be for a Contract with a specified value date and shall specify each currency pair involved. AMLTD expects that these prices will be reasonably related to the bid prices and ask prices available in the market at that time for similar transactions, but a number of factors, including communication system delays, high volume or volatility can result in deviations between quoted prices and other sources. AMLTD makes no warranty, express or implied, that prices represent prevailing bid prices and ask prices. Also, any third party introducing agent or advisor may impose additional pips to the bid or ask price that may result in an increase of the dealable spread available for the Customer's Account.

8. ELECTRONIC TRADING AND EXECUTION

AMLTD will make available to Customer, by posting on the Automated Systems or through the AMLTD trading desk, bid prices and ask prices at which AMLTD is prepared to enter into OTC FX Contracts with Customer. AMLTD makes no warranty, express or implied, that bid prices and ask prices represent bid prices and ask prices then prevailing in the market. Customer agrees that by using AMLTD's order-entry system, Customer agrees to the one-click system and accepts the risk of this immediate transmission feature.

9. ORDERS OVER THE TELEPHONE AND EXECUTION

Trading Orders executed via a telephone call to an authorised AMLTD representative are completed when the respective AMLTD representative states "agreed" or "done." At that point Customer has bought or sold and cannot cancel the Transaction. By placing trades through the AMLTD trading desk, Customer agrees to such immediate execution and accepts the risk of this immediate execution feature. AMLTD is not responsible for disruption, failure or malfunction of telephone lines.

10. TRADING LIMITATIONS

AMLTD will attempt to execute all Orders that it may, in its sole discretion, accept from Customer in accordance with Customer's instructions received through the Automated Systems or via telephone to the trading desk. Customer agrees that AMLTD may, in its sole and absolute discretion, refuse to accept any Order from or enter into any contract with Customer, including but not limited to, in the event AMLTD believes that the acceptance of Customer's Order, or the entering into of such contract with Customer, would be in contravention of any rule or law. In addition, AMLTD may at any time, in its sole and absolute discretion, limit the number or types of positions that Customer may maintain or acquire with AMLTD, and Customer agrees not to exceed such limits. AMLTD is under no obligation to effect any Transaction for Customer's Account that would create positions in those accounts in excess of the limit AMLTD has set. If Customer exceeds Position Limits imposed by AMLTD, AMLTD shall have the right to close out positions in excess of the applicable Position Limit.

11. MARGINS

Customer will at all times maintain such Margins for Customer's Account as required from time to time by AMLTD. Customer shall make deposits of Margin as AMLTD requests within a reasonable time after such request. IN THE ABSENCE OF UNUSUAL CIRCUMSTANCES, ONE (1) HOUR SHALL BE DEEMED TO BE A REASONABLE TIME; HOWEVER, AMLTD RESERVES THE RIGHT TO REQUEST DEPOSITS ON SHORTER NOTICE IN ITS SOLE AND ABSOLUTE DISCRETION. Margin deposits shall be made by electronic funds transfer (or other methods, if permitted by AMLTD in its sole and absolute discretion) of immediately available funds and shall be deemed made when received by AMLTD. AMLTD's failure at any time to call for a deposit of Margin shall not constitute a waiver of AMLTD's rights to do so at any time thereafter, nor shall it create any liability of AMLTD to Customer. AMLTD will open or maintain the Account and grant a margin facility to the Customer provided that AMLTD may, without notice, at any time and from time to time: (i) reduce or cancel any margin facility made available to the Customer or refuse to grant any additional margin facility to the Customer; or (ii) require the Customer to provide Margin in addition to the Margin requirements of any regulatory authorities. As long as the undersigned shall be indebted to AMLTD, all funds, securities, and other property carried for the Customer's Account shall be and are hereby pledged and shall constitute a continuing security to insure payment of the indebtedness.

12. COMMISSION, CHARGES AND OTHER COSTS

Customer shall pay such brokerage, commission and all other charges (including, without limitation, mark-ups and markdowns, statement charges, idle account charges, order cancellation charges, account transfer charges or other charges), fees (including without limitation, fees imposed by any interbank agency, bank, contract markets or other regulatory or self-regulatory organisations) arising out of AMLTD providing services hereunder. AMLTD may change its commission, charges, and/or fees without notice. Customer agrees to be liable to AMLTD for interest on amounts due from Customer to AMLTD at an interest rate equal to three (3) percentage points above the then prevailing prime rate at AMLTD's principal bank or the maximum interest rate allowed by law, whichever is lower. Customer shall pay all such charges as they are incurred, or as AMLTD in its sole and absolute discretion may determine, and Customer hereby authorises AMLTD to withdraw the amount of any such charges from Customer's Account. Customer agrees to pay a transfer fee, to be designated by AMLTD in the event Customer instructs AMLTD to transfer open positions, moneys, and/or property of Customer's account to another institution. AMLTD confirms all prices quoted to Customer are not inclusive of mark-ups and markdowns.

13. AUSTRALIAN CUSTOMER MONEY RULES AND AUTHORISATIONS

A. Customer Funds

All Customer funds received by AMLTD are handled in accordance with Division 2 of the Corporations Act and ASIC Regulatory Guide 212: Client money relating to dealing in OTC derivatives ("Australian Customer Money Rules"). Moneys paid by you to AMLTD for Contracts are initially deposited into an AMLTD Customer Money Trust Account.

The moneys paid by Customer into the AMLTD Customer Moneys Trust Account are held for Customer and are segregated from AMLTD's own funds. The proceeds from any such sale or action shall be applied first to the payment of all legal and other costs and expenses incurred in connection with the sale or action and next to the payment of the liabilities, as determined by AMLTD. - C. Customer acknowledges and understands that a prior tender, demand or call of any kind from AMLTD, or prior notice from AMLTD of the time and place of such sale, shall not be considered a waiver of AMLTD's right to sell any OTC FX Contract or other Collateral. AMLTD's failure to act in the above circumstances shall not constitute a waiver of AMLTD's right to do so at any time thereafter, nor shall such failure to act impose any liability on AMLTD nor shall it constitute a defense for Customer to any liability to AMLTD.

18. SETTLEMENT DATE AND ROLLOVERS

With respect to purchases or sales of OTC FX in an Account, Customer agrees to instruct AMLTD as to the delivery of any un-netted (un-offset) positions. Except as provided herein, during the term of the currency position, unless Customer intends to effect or accept delivery, Customer shall give AMLTD instructions for offset and novation of the currency position no later than two (2) hours prior to the settlement of trading in the currency contract on the day Customer intends to rollover a currency position. APPENDIX A

Letter from an Accountant

If the prospective client is to meet the requirements of a "wholesale" client pursuant to the Wealth Test or Extended Wealth Test then the prospective client must provide Advanced Markets with a certificate from an Accountant confirming that the prospective client meets the definition of a "wholesale" client as per below:

A. Australian clients

For the purposes of the Corporations Act, the "accountant's letter" must be from a qualified accountant, being a member of the Institute of Chartered Accountants in Australia/Australian Society of Certified Practising Accountants/National Institute of Accountants.

B. Foreign clients

An ASIC Class Order (CO 04/173) expands the scope of who may be a qualified accountant to include any member of an eligible foreign professional body (see below) who:

- i. has at least three years of practical experience in accounting or auditing; and
- ii. is only providing a certificate for the purposes of section 761G(7)(c) of the Corporations Act to a person who is resident in the same country (other than Australia) as that member.

An eligible foreign professional body covers:

- the American Institute of Certified Public Accountants;
- Association of Certified Chartered Accountants (United Kingdom);
- Canadian Institute of Chartered Accountants;
- Institute of Chartered Accountants of New Zealand;
- the Institute of Chartered Accountants in England and Wales;
- the Institute of Chartered Accountants in Ireland; and
- the Institute of Chartered Accountants of Scotland.

In addition to being provided with a certificate from the prospective client's accountant confirming the prospective client meets the definition of a "wholesale" client, Advanced Markets must receive written confirmation from the prospective client that the product/service is **not provided in connection with a business**.

Accordingly, it is clear that prior to the commencement of a relationship with a client, Advanced Markets must confirm the client is wholesale. However, in addition, as Advanced Markets provides ongoing financial services to its clients (such as advice via its reports), s761G(7)(c) Corporations Act 2001 technically requires Advanced Markets, before the provision of the product or service, to confirm the client is wholesale and obtain an up to date accountant's certificate which is dated within the preceding 2 years. Effectively, this means that Advanced Markets must obtain an updated accountant's letter from its clients every 2 years where the transaction in which the client is involved is receiving ongoing financial services from Advanced Markets.
